

Dear TGS Families,

Beginning Monday, August 24, SAGE dining services will provide grab-and-go lunch for students in the drop-off circle near the marquee each school day. You are encouraged to come to school for a curbside pick-up during our scheduled lunch periods.

Lunch will only be available for curbside pick up from 11:30 am to 12:30 pm each day. Please arrive during this time period. The grab-and-go lunch will be delivered directly to your car. In order to maintain healthy social distance, families will pick up lunch and depart campus immediately following.

Each day, students will be able to choose from two salad options and two sandwich options. There will always be a gluten free option and a vegan option.

If you plan to pick up lunch for your child who has other special dietary needs, please contact Chef Ian in advance (ichurchill@sagedining.com) so that he may accommodate your student's diet.

Until we are able to determine the daily demand, we ask that students take one lunch per day.

Any food left over at the end of each lunch period will be donated.

Thank you, and we look forward to seeing you at curbside lunch pick up!
